

# I AIN'T DRUNK

The ground is all crooked and I can't stand up  
Well it must have been the last shot of whiskey I took  
Or it could have been the case of beer I had in-between  
I won't mention the tequila shot that's normal for me

## CHORUS

I ain't drunk, I ain't wasted  
I'm perfectly fine  
That ain't puke that I'm tasting  
It must be the wine  
I ain't drunk, I ain't wasted  
I just can't see  
That ain't puke that I'm tasting  
Must be the weed

The ground is all crooked and I can't stand up  
Well it must have been the last shot of whiskey I took  
Or it could have been the case of beer I had in-between  
I won't mention the tequila shot that's normal for me

## CHORUS

HEY!  
HEY!  
HEY!  
HEY!
