

## SANTA FE

Jimi caught a Greyhound Bus  
Eastbound out of Los Angeles  
Jimi don't feel she can survive  
Jimi laughs as the miles roll by  
For the first time there's some hope in her life  
No looking back, she said it's for good this time

### CHORUS

I know that lately it's been crazy sometimes  
This time it changed me, set all my pain free last night  
She's starting over in Santa Fe  
She's Starting over today  
Starting over in Santa Fe  
She's starting over today.

He made her laugh, he made her cry  
He made her hate herself inside  
And now the hate has finally said goodbye.  
He'd say he's sorry, she'd say I know  
There comes a time now the hurt won't let go  
And Jimi smiles, the fade-in twilight glows

### CHORUS

Over today.  
Over today.  
Over today.
